

My School Picnic

On 24th November,

my classmates and I had our school picnic in Sai Kung Country Park. We had a barbecue in the barbecue site. Some classmates sang joyfully and some classmates

chatted loudly. We had a great time.

Suddenly, five bears walked by. All our classmates were scared and ran away. We left all the rubbish, barbecue forks, cans and bags there.

In the afternoon, our class teacher, Miss Cheung walked by and saw the messy place. She was so disappointed. But after we explained the situation and apologized to her. She showed her understanding and forgave us.

At last, we cleaned up the place and took our class photo in a clean country park.
