

## Picnic Day

It is school picnic day today. My classmates and I go to Sai Kung Country Park by school bus. We have barbecue there. We eat a lot of food and chat loudly.

After barbecue, Miss Yuen sees the barbecue site is very dirty. There is full of rubbish. The barbecue forks and cans are all over the site. Miss Yuen is very angry. She calls us and lets us see how dirty it is. We are sad to see our selfishness. We feel disappointed and sad.

Finally, we help pick up all the rubbish. We feel happy to see the barbecue site is clean now. We learn that we need to stay clean and do not throw the rubbish on the ground.
