

My Best friend

Kayla is my best friend. She is nine years old and one week older than me. She studies in Precious Blood School. She is in class 4A. We are in different schools.

Kayla is sporty. She is taller and heavier than me, but she is very skinny. She has an oval face. Her face is as white as paper. She has two big eyes, a small nose, a small mouth and two small ears. Her hair is straight. She likes going roller skating and doing ballet. We like going roller skating, but we play with each other less often because we started school few months ago.

Kayla is as smart as Einstein. She always gets good results in tests. She is very shy but always cheerful and joyful. She is also very polite. She always says thank you and help everyone if they need help. I love my best friend. I learn a lot of things from her.

P.4A (15) Hailey Mak (2021-2022)
