My Best Friend and I By Jacy Chan (Class 4C)

My best friends are Hazel and Judy. We are different from one another.

We are the same age. All of us are 9 years old. Judy is taller

than Hazel, but I am the shortest. Hazel is heavier than Judy, but I am the lightest.

Hazel and Judy live in the same place, but I live in Siu Sai Wan. Judy and I like to do the same thing, but Hazel likes to go cycling. We like the same subject. All of us like English.

We like different kinds of food. I like fried chicken wings, Hazel likes seafood and Judy likes ice-cream and pizza. We like different drinks. I like to drink bubble tea, Hazel likes to drink apple juice and Judy likes to drink hot chocolate and milk tea.

Judy and I like to read ghost stories, but Hazel likes to read true stories. Judy and I have the same personality. We are shy, but Hazel is gentle.

Even though we are different from one another, we are still friends.
