

3A Chan Yan Chun, Matthew

School Picnic Day

Today, my teachers, classmates and I go to Teddy Country Park to have the school picnic in the morning because it is our annual school picnic day. I chat excitedly with my classmates on the coach. We are on cloud nine.

When my classmates, teachers and I arrive at the country park, we chat joyfully and have a barbecue. We have sausages and fishballs. The food is delicious. After we finish our barbecue, we play hide-and-seek together.

After we play for a while, it is time to leave. My classmates leave immediately without cleaning their rubbish. Peter, Mary and I are disappointed. We must clean up before we leave, so we ask the teachers for help. The teachers tell my classmates, 'You must clean up the rubbish before you leave. We must keep the place clean.'

After the picnic, we learn to be responsible.
