Dear Laura,

I'm fine, thank you. I'm glad that you tell me about your best friend, Mark. I would love to tell you about my best friend as well. She is Chelsea.

Chelsea is nine years old but we are different heights. I am eight and a half years old but I am taller than her. Her hair is longer than mine. Both of us have black eyes but her eyes are smaller than mine. She is smart and caring to me.

I am tired of reading books but Chelsea always studies hard. She teaches me a lot. Apart from studying, Chelsea likes reading English comics, playing the piano and drawing. She likes English best because it is just a breeze to her.

In the future, Chelsea wants to be a teacher. I think she will be a good teacher because she is smart and caring. I would like to be a YouTuber and tries to introduce some great food in Hong Kong to others.

I like Chelsea a lot. Do you like her? I am looking forward to receiving your reply.

Your friend,  
Charlotte
